MEMORANDUM FOR: Director, NPIC

THROUGH: Chief, Production Services Group, NPIC

SUBJECT: [REDACTED] Proposal to Furnish Technical  
(Systems/Programming) Support Services

25X1

REFERENCE: [REDACTED], dated 21 April 1970,  
Proposal Number 2379

25X1

1. This memorandum contains a request for additional funds of  
[REDACTED] Such recommendation is stated in Paragraph 7.

25X1

2. [REDACTED] found it impossible to complete the develop-  
ment of required programs under funding levels established in December  
1969 for contract [REDACTED] Their appraisal of the work  
remaining in this cost plus fixed fee contract reflected an additional  
funding requirement of approximately [REDACTED]

25X1

25X1

25X1

3. We elected to realign our software development priorities,  
reallocate our in-house resources from less critical tasks, and accept  
responsibility for completing the remaining [REDACTED] programs. This approach  
however, could not be effectively accomplished without some augmentation  
by the [REDACTED] programming team most familiar with the work remaining. The  
attached contract provides this augmentation and in our judgement at  
considerably less expense.

25X1

25X1

4. The funds in the estimated amount of [REDACTED] are available.  
They will be charged to FAN # 11553110. Originally, [REDACTED] was asked  
for on 24 April 1970 (PSG/AID-137/70). While our request was approved,  
only [REDACTED] could be funded from the FY 70 budget. This request will  
ensure continuity of the contractor's effort through the first two months  
of FY 1971.
